REGISTRY OF HANDICAPPED PERSONS
REPORT UP TO MARCH 31, 1985

F O R E W O R D

This report of the Registry of Handicapped Persons provides an overview of the Registry's operations and includes a cumulative statistical summary of cases registered to March 31, 1985. The Registry does not claim complete accuracy. A case follow-up program is being explored so that the degree of accuracy can be improved.

The objective of this report is to indicate the different types of demographic data available through the Registry and to provide the necessary data for improvement of service to the disabled persons in Newfoundland and Labrador.

Consulting services were provided by Mr. R. Parsons, Supervisor of Information, Statistics and Publication, Department of Education; Mr. R. Day, Director of Research & Planning, Department of Social Services; and Mr. E. O'Brien, Director of Research & Statistics, Department of Health.

This report was prepared by Ms. Catherine Ryan, Registrar of Handicapped Persons, with the assistance of Ms. Lida Fagan, Secretary to the Registrar.

The Registrar gratefully acknowledges the advice of the consultants and the co-operation of government departments and registering agencies.

REVIEW OF REGISTRY ORGANIZATION AND OPERATION

Introduction

In 1972, the Ministers of Education for New Brunswick, Newfoundland, Nova Scotia and Prince Edward Island, appointed a committee to study the needs of those children in the Atlantic Provinces who required special education.

One of the committee's recommendations was that a Provincial Registry of Handicapped Persons be established through the co-operative efforts of the Departments of Health, Education and Social Services.

Administration

In 1974, a Registry of Handicapped Persons was established for the Province of Newfoundland and Labrador. The Registry is a joint responsibility of three government departments: Education, Health and Social Services. The Department of Education, Division of Special Education Services, was responsible for its operation and administration from 1974 to March 1984. On April 1, 1984, the Registry of Handicapped Persons was transferred to the Department of Health.

The Registry is advised by a Provincial Advisory Committee consisting of representatives from the Department of Education, Health, Socal Services and other agencies; e.g., Rehabilitation, C.N.I.B, Community Medicine, Memorial University, Dr. Charles A. Janeway Child Health Centre, etc.

Objectives

Registry's objectives:

To ascertain, record and classify persons with handicapping conditions in the Province of Newfoundland and Labrador, so as to provide a reliable basis for estimating the prevalence and distribution of specific conditions within the population.

To assist government departments and agencies to plan and program appropriate services for Handicapped Persons in the Province.

To encourage earlier detection of Handicapped Persons so that services can be initiated as early as possible.

To undertake statistical analyses of the data.

To support research.

Registration Criteria

Any person from birth to 21 years of age inclusive with any handicapping conditions which:-

interferes with education (whether the child goes to a special school or whether he does not go to school at all, or whether he has to have special attention in a regular school);

requires continuous medical supervision;

interferes or will interfere with competitive or sheltered employment;

may be considered handicapping, to the extent that the person will require future services.

Persons with emotional or mental illness are not currently registered.

The mandate to include persons of all ages was granted and plans are being formed regarding its implementation.

Registration

Registration is voluntary. When the Registry is notified of a possible handicapped person, the name and detailed files are checked so that duplication is avoided. If the person is not registered, a tentative notification form is sent to the registering agency requesting the collection of further information and, if where applicable, guardian or client consent is requested for registration.

In 1978, a survey of all mentally retarded adults in the Province was implemented (excluding those in nursing homes or institutions). Field Social Workers collected the necessary data for the registration of this target group. Approximately 1,000 handicapped adults were identified through this process.

Registering Agencies

Agencies currently assisting in the registering of persons with the Registry of Handicapped Persons are:-

Department of Health -
Public Health Nurses (birth to 21 years)

Department of Social Services -
Social Workers (mentally retarded adults and children under their care)

Department of Education -
Special Schools

Children's Rehabilitation Centre

C.N.I.B.

Dr. Charles A. Janeway Child Health Centre -
Cystic Fibrosis Nurse Co-ordinator
Hemophiliac Nurse Co-ordinator

Voluntary Agencies

Confidentiality

Preservation of record confidentiality and the guarantee that individual's rights to privacy will be protected are of constant concern to government.

The established policy is that Registry information on individual cases is not disclosed to anyone other than those in government departments. Persons in the private sector wishing to contact an individual are referred to the registering agency.

Aggregated data is available on request to anyone.

Ascertainment

Multiple data sources which compensate for the potential deficiency of voluntary reporting are used by the Registrar with the co-operation of the following departments, agencies and persons:-

Department of Education -
  Special Schools
  Special Services Division

School Boards -
  Special Education Consultants
  Special Education Teachers

Department of Social Services -
  Child Welfare Division
  Rehabilitation Division

Department of Health -
  Division of Research & Statistics
  Provincial Health Districts - Public Health Nurses
  Hospitals (newborn nurseries)

Dr. Charles A. Janeway Child Health Centre (Admissions & Discharge Forms)

Physicians

Children's Rehabilitation Centre
Voluntary Agencies -
  C.N.I.B., etc.

Registry Use

The Registry was used for the following purposes:-

To provide a central index for Handicapped Persons in Newfoundland and Labrador.

To identify Handicapped Persons for surveys of special groups, regionally and provincially by Departments of Education, Health, and Social Services.

To provide statistical information for planning services in specific areas.

To aid prompt discovery of cases with a view ~~of~~ to their early treatment and rehabilitation.

To provide statistics for projects and research.

To provide information on the services which are available to Handicapped Persons.

Definitions

For the purpose of this report the WHO definitions will be used:-

Impairment - is any loss or abnormality of psychological, physiological, or anatomical structure or function.

Disability - is any restriction or lack (resulting from an impairment) of ability to perform an activity in the manner or within the range considered normal for a human being.

Handicap - is a disadvantage for a given individual, resulting from an impairment or a disability, that limits or prevents the fulfilment of a role that is normal (depending on age, sex, and social and culture factors) for that individual.
